

May 21st, 2024

Dear IAM:

I hope this email finds you well and swimming fast.

I am writing to each of you personally because I need favor. As you know the USMS Spring Nationals Championships are just a few weeks away, June 20th -24th. While Indy Aquatic Masters is not the host, we are responsible for the Meet Operations. This involves providing Timers, Deck Marshalls, Hospitality, etc. This event is a 5-day meet, and we need volunteers to fill the many positions necessary to run this Championship. We have over 95 swimmers entered in the meet and have over 100 volunteers who have signed up, which is really great. Many more volunteers are needed. If you have not signed up to volunteer, we could really use you. I know you have family and work commitments. However, if you could look at your schedules and work a shift or two, it would be greatly appreciated. If you know a school group (bands, athletic club/teams, booster clubs, etc.) or a church group that can help, we will pay money to their organization for their time and support. Share the flyer below. Thank you for your consideration.
